

North Star Day Hab Monthly Waverly September- 2025

We were thrilled to welcome **United Way Volunteers from POET Engineering** during their *Day of Caring!* Their visit brought extra joy and support to our day. We had a fun-filled afternoon of **bags and bingo**. It was a wonderful blend of caring, creativity, and community spirit!

We had a blast making homemade ice cream the old-fashioned way! Consumers measured, mixed, and shook their way to a sweet treat—right in a bag! A fun and tasty afternoon full of hands-on learning and cool rewards.
