

# North Star Community Services-Waverly Center –January 2026

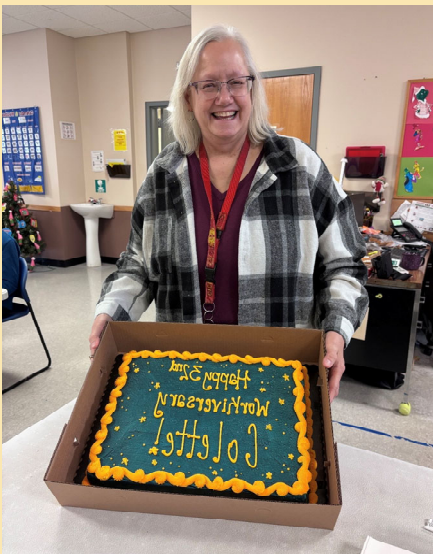

Our bulletin boards around the building are decorated by our consumers. These boards allow them to express creativity, share ideas, and showcase seasonal artwork. The decorations help create a welcoming and personalized environment for everyone.

Thank you to our wonderful volunteers who visit us in the building. Your time, kindness, and dedication make a meaningful difference, and your presence truly brightens our days. We are grateful for the care, energy, and support you share with our community.

We shared wonderful memories, enjoyed cake, and laughed together as we celebrated 30 years of service to North Star. Congratulations Collete
