

## Day Hab Monthly Waverly North Star December 2025

*Decorating for the Festival of Trees at Warburg College is a joyful and creative experience that brings the spirit of the season to life. Each ornament, ribbon, and light is carefully chosen to reflect a theme and tell a unique story, transforming the tree into a festive work of art. The process encourages creativity, teamwork, and attention to detail, while spreading holiday cheer to everyone who sees it. Through thoughtful decoration, the Festival of Trees celebrates tradition, imagination, and the magic of giving during the holiday season.*

We celebrated Christmas with a gift exchange, and consumers had so much fun opening their gifts.
