

# North Star Day Hab Monthly Waverly

## February 2026

Taking the consumers on an outing to Starbucks and McDonalds can be a fun and rewarding experience. It gives them the opportunity to enjoy a relaxing environment while sipping their favorite drinks. These kind of outing not only provide enjoyment but also encourages social interaction, builds positive relationships, and creates meaningful memories in a comfortable and welcoming setting.

**We enjoyed making Valentine bags for consumers to exchange Valentine's gifts. It was a fun and creative activity that brought everyone together. We decorated the bags with colorful designs, hearts, and sweet messages to make them special. Each bag was filled with thoughtful treats and small gifts, making the exchange even more exciting. The experience was a wonderful way to share kindness and celebrate the spirit of Valentine's Day.**
