North Star Community Services—Waverly Center – July-2026

We spent a couple of days making tie-dye shirts. Each consumer chose whether they wanted to tie-dye a T-shirt or a dishcloth. We even had a few consumers who decided to tie-dye a pair of pants. Everyone enjoyed expressing their creativity and making unique designs.

A big shout-out to Bremer County Conservation for spending the morning taking us fishing! Every consumer caught a fish and loved showing off their catch. It was a wonderful morning outdoors, and everyone had a great time making memories.
