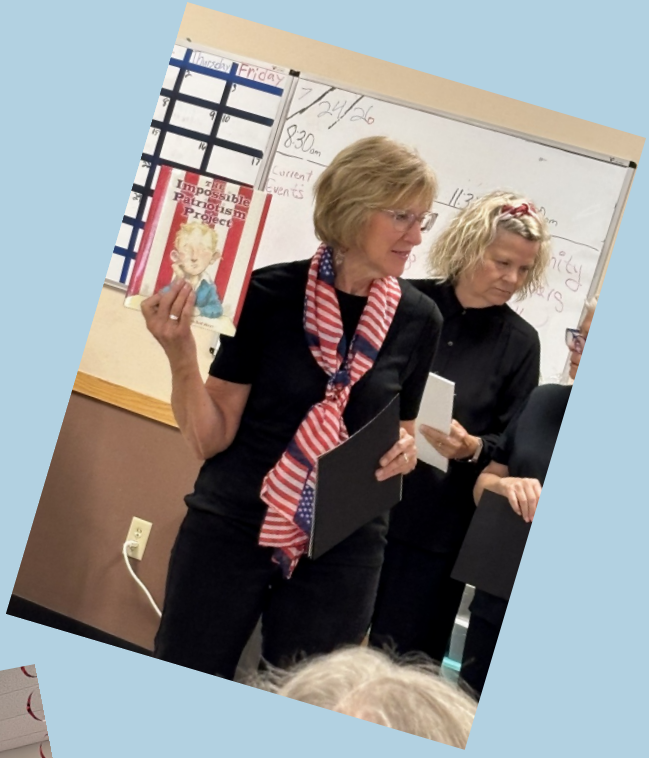
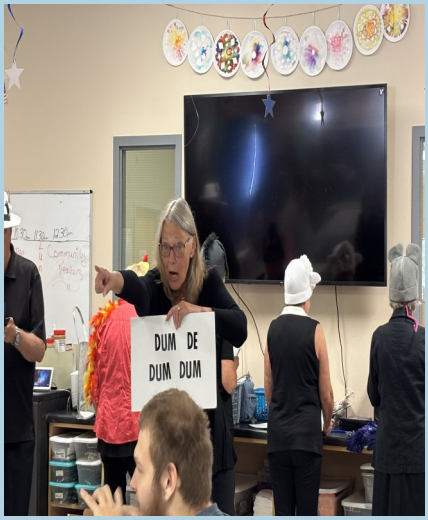
North Star Community Services—Waverly Center August 2026

We Spent some time at the Bremer County Fair. We looked at the animals walked around the grounds and got to spend time looking and holding parrots. Fun was had by all who went .





Community readers were back again to share some wonderful patriotic stories with us! The consumers were excited to listen, participate, and interact with the stories. They enjoyed answering questions, sharing their thoughts, and making connections to the characters and events in the books. We are so thankful to our community readers for spending time with us and helping make reading such a fun and engaging experience!
